

Who is ARS

ARS is a public charity located in Switzerland. Its members put forth an effort to support the socially disadvantaged on their way to a future worth living in.

Where and how ARS acts

ARS finances projects in the fields of education, schooling, and health.

ARS offers capacity building in the region of Tiruvannamalai, in the state of Tamil Nadu, Southern India.

ARS Team

ARS Switzerland is based on voluntary service and remains denominationally and politically absolutely neutral and independent.

Project manager in India is Madhan Mohan. Madhan and his team understand how to employ the easy means available in order to provide exceptional

help with a sustainable impact to people in need.

Evening Schools

The evening schools offer schooling and coaching to children whose families live in the poorest of circumstances.

Education can help to escape the vicious cycle of poverty and enable the prospective adults and their families to have a humane future.

Besides school teaching, the children receive instructions concerning ethical values and hygiene.

Medical help in the Jawadhu Hills

The Jawadhu Hills are home to approximately 30,000 people who live in 200 remote villages.

The region is difficult to access; there's a considerable lack in infrastructure as well as medical supply.

The current project:

- A local health center operating 24 hrs. a day has been in service since June 2012
- A team of four (physician, pharmacist, nurse, driver) are in the field daily
- Weekly supply of the remote villages by Jeep (Monday through Friday)
- Training of Samaritans in order to guarantee the possibility of first aid
- Education in hygiene and prevention of disease/infection
- Vaccinations for babies and expectant mothers
- Nutrition counseling

Sarasvathi Children's Village

35 children in need have found a caring home in the village. Donations enable us to ensure the upkeep and guarantee the future of their new home.

Mobile Library

Every other week, a library on wheels visits various places. This is a valuable source of knowledge for the youths. Many of those benefitting from this project also receive aid from institutions of other charities.
